TRAINING METHODOLOGY

The training program will consist of lectures, group discussions, written exercises, and mediation simulations. Reading materials (County Mediator's Manual, statutes, rules of procedure, and rules of conduct) designed to supplement the training will be provided to trainees at the training program. Trainees will also be required to reduce an agreement to writing.

Each trainee will be required to participate in at least one continuous role play acting as the sole mediator and at least one continuous role play as the disputant (plaintiff/defendant). During a role play in which the trainee acts as the mediator, trainees will be expected to deliver an opening statement and mediate the dispute to either resolution or for 45 minutes. The objective of the role play is for the trainee to develop confidence and experience as a mediator. Each role play will be conducted under the observation of a qualified primary or assistant trainer who will provide a minimum of 20 minutes of oral and written feedback to the trainee/mediator. The trainers will provide each trainee with a copy of the written feedback at the conclusion of his or her role play as mediator.
